Full-stack web developer leveraging teamwork and problem solving skills. Focus on intuitive and functional applications to deliver a great user experience while remaining performant. Certificate in full-stack web development from Ohio State University, worked both independently and collaboratively to develop applications, focusing on MERN stack with ability to learn new technologies quickly and adeptly. Known for an ability to quickly internalize and apply new concepts with a strong focus on mobile first design and development. Looking to leverage my skills as part of a fast-paced, quality-driven team to build better experiences on the web.
